“Remember The Magic” Materials List

This materials list is a good place to start when deciding what types of props and costumes will be needed for production of this script. This is just a basic list and includes what Judgement House thinks will be the needed “essentials” for producing a quality presentation. Feel free to add your own “touch” to each scene. Some Covenant Partner create very elaborate sets and costumes, others take a more simple approach. This decision is yours, and as always, if you have any questions feel free to call the home office or contact a regional leader.
